LORDSTOVE
CRAFTED FOR LIFE

2025

Crafted for Life

At Lordstove,

Our journey began with a vision to transform ordinary spaces into extraordinary ones, where elegance meets functionality.

We encapsulate this mission, combining the essence of authority and craftsmanship with the timeless need for warmth and comfort.

 <p>100% RECYCLABLE</p>	<p>METAL</p>  <p>RECYCLES FOREVER</p>

At Lordstove

We stand for
Craftsmanship Excellence

"Lord" signifies excellence and high status, reflecting our commitment to superior craftsmanship in every product we offer, from fireplace buckets to garden tools. We take pride in curating items that enhance your home and garden, making them both functional and sophisticated.

"Stove" symbolizes the heart of the home, where families gather and memories are created. Our fireplace buckets not only serve a practical purpose but also embody the warmth and comfort of cozy evenings spent by the fire.

Quality Standards

ISO 14001

Environmental management system standard that helps organizations improve their environmental performance.

ISO 9001

Quality management system standard that ensures products and services consistently meet customer and regulatory requirements, enhancing customer satisfaction through effective processes.

ISO 45001

Occupational health and safety management system standard that helps organizations improve employee safety, reduce workplace risks, and create better, safer working conditions.

BSCI

Supports companies in improving working conditions in their supply chains by implementing a systematic approach to monitoring and compliance with social standards.

SMETA

Assesses ethical standards in supply chains, focusing on labor rights, health and safety, the environment, and business integrity to promote responsible sourcing.

FDA

Ensures that product materials meet safety standards, especially products that come in contact with food.

FSC

Certifies that wood comes from sustainably managed forests, ensuring the protection of forest resources.

Green Seal

Assesses the impact of products on the environment and certifies environmentally friendly cleaning products and daily necessities.

Recyclable

Indicates that the product can be recycled, promoting the recycling of materials.

Lifetime Warranty

Built to Last: Crafted from high-quality materials and engineered with precision, the WeldGenius™ watering can withstands daily use, ensuring longevity in your gardening routine.

Garden Watering Essentials

Designed for precise watering, our cans feature seamless construction for smooth pouring and comfortable handling.

Made from durable galvanized steel with rust-resistant coating, they blend practicality with timeless style.

WeldGenius™

Redefining Watering Can Craftsmanship

Featuring a seamless connection between the spout and body, placing the seam below for a mess-free experience.

Whether you're watering or cleaning, water flows out completely, keeping the can dry and clean. This smart design enhances convenience and extends the product's lifespan for years without rust, making your gardening easier and more enjoyable.

Zero Water Residue | Rust Free | Lifetime Warranty
